**REACH – Pre-registration of substances in preparations of EU-suppliers**

Dear Mr.

REACH is a new regulation of the European Union for chemicals and the safe way of handling them. In compliance with this regulation all REACH-relevant substances have to be pre-registered with the "European Chemicals Agency" (ECHA) in Helsinki. The pre-registration period is limited from 1<sup>st</sup> June to 30<sup>th</sup> November, 2008.

In order to secure our business after 1<sup>st</sup> December, 2008 we kindly ask you to confirm that all products you deliver to Würth International only contain substances that you or your own suppliers have pre-registered.

For this purpose we kindly ask you to complete the lower part of this letter and to return the completed document by 25<sup>th</sup> November, 2008 to the fax number +41 81 558 1311.

In advance thank you very much for your support in this matter.

Yours faithfully  
Würth International AG

Gerd Rössler  
Managing Director  
Central Purchasing Europe

Anne Jones  
Category Manager  
Central Purchasing Chur

---
