

**DECLARATION OF CONFORMITY regarding Regulation (EC) No. 1907-2006 –  
Registration of Cosmetic Products for Würth**

Company: \_\_\_\_\_

Contact: \_\_\_\_\_

Phone no.: \_\_\_\_\_

E-Mail: \_\_\_\_\_

The currently valid regulation for cosmetic products has, so far, been settled by the EU regulation E/76-768 of July 27th 1976. The new EU regulation CE/1223-2009 supersedes all previous regulations. The intention of this new regulation is to increase the security of the user and to create a database for cosmetic products which are placed on the European market.

The registration of each cosmetic product which is put on the market within the European Union must be carried out in the registration portal of the European Commission for cosmetic products (CPNP) no later than July 10<sup>th</sup> 2013.

We confirm that we will comply with all requirements of Regulation CE/1223-2009 for all cosmetic products delivered to the company Würth, keep a product information file, which is kept up to date and will be made available upon request from Würth. Furthermore we will store sample of each batch delivered for at least 12 months. The requested information will be entered into the sub accounts of the different Würth subsidiaries in the CPNP (Cosmetic Products Notification Portal) and updated without prompt. This also applies to any inclusion of additional items in the Würth product portfolio and for any recipe changes to existing products.
